The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Points the way forward. Even when stationary. The Audi A5 Coupé unites sportiness and elegance. And is setting new standards out on the road with its progressiveness, aesthetics and athleticism. From the front end, with optional Audi Matrix LED headlights, through to the sharper shoulder line, the powerful wheel arches and the elegant third brake light. A sight that puts performance centre stage. With every single line.

The Audi A5 Coupé.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Perceptibly powerful, incredibly efficient: the TFSI and TDI engines in the Audi A5 Coupé. Experience unique performance and lower emissions. And with the optional quattro all-wheel drive, power is delivered even more effectively to the road. For more dynamism, more traction, more agility and fewer compromises.

Impressive performance.
Impressive fuel economy, too.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Lights up the darkness. 

And the road.

The optional Matrix LED headlights make progress visible with high-precision, individually controllable light-emitting diodes that adapt to road situations. Whether for the dipped or high beam, or for the cornering, country road, motorway or all-weather lighting functions, light adaption is fully automatic and controlled by the camera. The light signature of the LED daytime running lights gives the car an unmistakable daytime presence. As do the dynamic indicators in the LED rear lights. An innovation whose aesthetic appeal is equally trailblazing.
Where innovations take shape: the interior.

Turn your ideas into reality in the interior of the new A5. From the seats and the optional leather steering wheel in 3-spoke design with multifunction plus, to the contour/ambient lighting package and the inlays. Every detail is made from high-quality materials and has a captivating first-class finish. For a unique look that is bound to turn heads.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Perpetual progress: with the optional Audi virtual cockpit. The fully digital instrument cluster is as versatile as it is innovative. Navigation, telephone, music, Audi connect services and information from assistance systems – the large 12.3-inch LCD screen presents everything in razor-sharp detail. And in doing so, opens a whole new chapter in infotainment.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Demonstrates strength.
Without moving an inch.

Sportiness at its best. Progressiveness at its purest. That’s the Audi S5 Coupé. From the distinctive bumpers and special radiator grille with twin blades, to the aerodynamically optimised aluminium-look exterior mirrors and the S5 badge on the side trim – every detail has been sharpened. The standard LED headlights and 18-inch cast aluminium wheels lend the car an unmistakeable presence – and are just two of the many highlights that radiate exceptional dynamism.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.

IN S 5300
You cannot stop progress. Especially when it has 260 kW of power.

The Audi S5 Coupé doesn’t accept boundaries. It pushes them. The 3.0 litre V6 TFSI engine with exhaust turbocharger unleashes 260 kW of power. It takes just 4.7 seconds for the S5 to pass the 100 km/h mark. Impressive performance. And impressive traction too. The standard quattro all-wheel drive makes the car even more agile and safer. And the 8-speed tiptronic enhances dynamic performance and comfort. Whilst also reducing fuel consumption.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Enthralling at lightning speed: the sporty interior.

The interior of the Audi S5 Coupé is proof of just how comfortable sportiness can be: with the optional S sport seats with diamond pattern, S embossing and pneumatic massage function. New standards are being defined when it comes to individuality, too. The optional contour/ambient lighting package enables you to define your own colour schemes of the interior lighting to your own personal preferences. And make an impressive show of the entire interior. Every detail is chosen by you. To ensure everyone’s eyes light up.
The new Audi A5 Sportback.

The new Audi A5 Sportback is functionality in its most progressive form. With its more sharply defined design, refined suspension, powerful engines and innovative assistance systems, it is turning progress into a whole new experience. Yet again.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Top marks for progressiveness. Impressive all along the line.

The curved side lines and the powerful wheel arches create the perfect setting for the optional 19-inch cast aluminium wheels and lend expression to the standard quattro all-wheel drive. The flowing silhouette and crisp lines express an elegant sportiness and hint at the power of the engine concealed beneath the bonnet. With their higher power output and lower emissions, the TDI and TFSI engines are compelling performers. And surpass almost all expectations when it comes to driving pleasure.
Impressive sportiness.  
With driver assistance.

The boldly sculpted rear with subtle spoiler edge and the diffuser ensure a sporty presence. And the numerous driver assistant systems help you to reach your destination safely, comfortably and efficiently. If you wish, your vehicle can be equipped with a predictive efficiency assistant, adaptive cruise control Stop&Go including congestion assist, park assist and camera-based traffic sign recognition. The latest technologies are there to assist you in many different situations. So that you can concentrate on what’s important: driving pleasure.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Drive like you are under open skies. Feel like you are on cloud nine.

The optional panoramic sun roof opens up a whole new vista of the world: a button and creates a bright interior flooded with light. Using the central locking, you can open the roof even before you get in. And close it after you get out. The progressive design is a perfect match for the sporty, elegant lines of the A5. And always shows you in the best light.
No one knows what the future holds.
But we know what it looks like.

A wealth of functions in view and within reach: thanks to the optional Audi MMI navigation plus with MMI touch, 3D map display and Audi connect. The innovative Audi voice control system literally hangs on the driver’s every word. And with the optional Audi tablet, you have access to radio, media, navigation and car functions both inside and outside the vehicle. Easy, fast, intuitive. Just as impressive is the 3D sound of the optional Bang & Olufsen Sound System. Why not convert your Audi into a concert hall? And make every journey worthy of an encore.
Sportiness raised to a higher power: this is the new Audi S5 Sportback. The S-specific bumpers and twin tailpipes in chrome lend visual expression to its performance. The LED rear lights with dynamic indicators emphasize the athletic body line. They immediately make it clear which direction you wish to head, and will make a lasting impression on anyone who sees them. Even after the S5 Sportback has disappeared from sight.

The new Audi S5 Sportback.

The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
Out of the blocks.
With a show of power.

First impressions are formed almost instantly. Even sooner in the case of the high-performance
V6 TFSI engine capable of generating 260 kW of power and 500 Nm of torque. It reaches the
100 km/h mark in just 4.7 seconds. And confirms what the imposing radiator grille, optional
19-inch cast aluminium wheels and aluminium-look exterior mirrors are already saying: this
athlete is on top form.

Some of the equipment listed is optional equipment for which an extra charge is made. Please visit www.audi.co.za or contact your Audi partner for more detailed information about standard and optional equipment. The figures for fuel consumption and CO₂ emissions can be found from page 54 onwards.
More exceptional.

With A5 design and Audi design selection.

In the new Audi A5, there is plenty of scope for your own ideas. The A5 design line allows you to create distinctive accents that reflect your personality. Make an exceptional vehicle even more exceptional. Audi do so in style with the Audi design selection, which offers an attractive range of special materials and colours for the interior. Choose your preferred combination of selection, inlays with exquisite leather seats featuring attractive contrasting stitching.

Audi design selection – interior elements in artificial leather: armrest optionally in fine Nappa leather in Arras red with contrasting stitching and piping in granite grey; also available in rock grey with contrasting stitching and piping in wapiti brown, or in Atlas beige or cedar brown each with contrasting stitching and piping in granite grey – leather steering wheel in 3-spoke design with multifunction plus – inlays optionally in oak, natural grey.

More sportiness.

With A5 sport and the S line sport package.

The A5 sport equipment version lets you show your sporty side in a spectacular way. With details that
impressively emphasise the dynamic spirit of your Audi A5. The S line sport package adds even more
highlights that emphasise the sporty character even more, particularly in the interior.

More brilliant.

With the Audi exclusive customised paint finishes.

Choose your own personal exterior paint finish and make your Audi A5 even more individual. From sporty to elegant – with the wide range of Audi exclusive colours, there are virtually no limits to your imagination. More information can be found at www.audi.co.za
Powerful look.

Select the paint colour that best suits your personality. Secure in the knowledge that the quality will be superb, because your vehicle is not just painted once, but four times. So not only do you look radiant in your Audi, your car is also protected from environmental influences and wear. Ensuring that the car has a powerful look throughout its entire lifetime.
With Audi wheels, you can emphasise your own individual style and the character of your Audi A5. Why not indulge yourself and create a powerful presence with your favourite design. For peace of mind on the road, Audi wheels are subjected to special test procedures, undergo rigorous testing and are of superb quality.

19" cast aluminium wheels in 5-parallel-spoke design
19" cast aluminium wheels in 5-spoke cavo design (S design), contrasting grey, partly polished

More select.

With inlays.

Exclusive ambience is a question of style. Your style. A style you can refine right down to the last detail. Create tangible accents with high-quality Audi inlays. Experience the fascination of selected materials: fine woods, piano finish or aluminium trim – combine them to suit your own individual taste.
As individual as the life you lead.

Timeless design and impressive performance – these two defining characteristics of the Audi A5 Coupé and Audi A5 Sportback can be enhanced even more with Audi Genuine Accessories. Whether driving through vibrant cities or on winding roads, styling and functional highlights allow you to create individual accents and experience new levels of driving comfort and convenience. High-quality, reliable and perfectly tailored to your A5.

**Exterior mirror caps in carbon** – made from high-quality visible carbon. Underline the sporty character of your vehicle.

**Inductive charging case** – for wireless charging of the Apple iPhone 6 and 6s. Certified to Apple iPhone guidelines (MFi).

**Premium textile floor mats** – custom fit. Made from dense velour. With A5 logo.

## Model: Audi A5 1.4 TFSI (120 PS)

**Engine type**
- 4-cylinder inline petrol engine with direct fuel injection and turbocharging
- 4-valve per cylinder
- 1,395 cc

**Transmission type**
- 7-speed S tronic

**Max. torque in Nm at rpm**
- 250/1,500–3,500

**Performance/consumption**
- Top speed in km/h: 210
- Fuel consumption in l/100 km: 5.5–5.3

**Weights/capacities**
- Unladen weight: 1,465 kg
- Max. output in kW at rpm: 110/5,000–6,000
- Overall dimensions:**
  - Length x Width x Height: 4,380 x 1,780 x 1,420 mm
  - Wheelbase: 2,650 mm

## Model: Audi A5 2.0 TFSI (150 PS)

**Engine type**
- 4-cylinder inline petrol engine with direct fuel injection and turbocharging
- 4-valve per cylinder
- 1,984 cc

**Transmission type**
- 7-speed S tronic

**Max. torque in Nm at rpm**
- 320/1,450–4,200

**Performance/consumption**
- Top speed in km/h: 240
- Fuel consumption in l/100 km: 5.9–5.6

**Weights/capacities**
- Unladen weight: 1,495 kg
- Max. output in kW at rpm: 140/4,200–6,000
- Overall dimensions:**
  - Length x Width x Height: 4,365 x 1,780 x 1,420 mm
  - Wheelbase: 2,650 mm

## Model: Audi A5 2.0 TDI ultra (140 PS)

**Engine type**
- 4-cylinder inline diesel engine with common rail injection system
- 4-valve per cylinder
- 1,968 cc

**Transmission type**
- 7-speed S tronic

**Max. torque in Nm at rpm**
- 400/1,750–3,000

**Performance/consumption**
- Top speed in km/h: 210
- Fuel consumption in l/100 km: 3.8–3.7

**Weights/capacities**
- Unladen weight: 1,520 kg
- Max. output in kW at rpm: 140/3,800–4,200
- Overall dimensions:**
  - Length x Width x Height: 4,360 x 1,780 x 1,420 mm
  - Wheelbase: 2,650 mm

## Model: Audi A5 2.0 TDI (140 PS)

**Engine type**
- 4-cylinder inline diesel engine with common rail injection system
- 4-valve per cylinder
- 1,968 cc

**Transmission type**
- 7-speed S tronic

**Max. torque in Nm at rpm**
- 400/1,750–3,000

**Performance/consumption**
- Top speed in km/h: 238
- Fuel consumption in l/100 km: 4.9–4.7

**Weights/capacities**
- Unladen weight: 1,595 kg
- Max. output in kW at rpm: 140/3,800–4,200
- Overall dimensions:**
  - Length x Width x Height: 4,360 x 1,780 x 1,420 mm
  - Wheelbase: 2,650 mm

## Model: Audi A5 2.0 TDI quattro (185 PS)

**Engine type**
- 4-cylinder inline diesel engine with common rail injection system
- 4-valve per cylinder
- 1,968 cc

**Transmission type**
- 7-speed S tronic

**Max. torque in Nm at rpm**
- 400/1,750–3,000

**Performance/consumption**
- Top speed in km/h: 240
- Fuel consumption in l/100 km: 4.7–4.3

**Weights/capacities**
- Unladen weight: 1,610 kg
- Max. output in kW at rpm: 185/5,000–6,000
- Overall dimensions:**
  - Length x Width x Height: 4,360 x 1,780 x 1,420 mm
  - Wheelbase: 2,650 mm

Model: Audi A5 3.0 TDI (190 kW) 3.0 V6 TDI 245 PS 180 kW

Engine type: 3.0 V6 diesel engine with direct fuel injection and turbocharging

Displacement in cc: 2,967 (6)

Fuel consumption¹⁰, ¹¹ in l/100 km

Acceleration 0–100 km/h in s [6.6]

Top speed in km/h [250]⁷

Fuel tank capacity, approx. in l [54]

12 % gradient unbraked

Trailer load limit⁴ in kg

Weight in kg [75/80]

Permissible roof load limit/nose weight in kg [2,035]

Unladen weight³ in kg [1,610]

Weights/capacities Coupé

Transmission type [7-speed S tronic]

Power transmission

Max. torque in Nm at rpm 400/1,250–3,750

CO₂ emissions¹⁰, ¹¹ in g/km

Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.

Explanatory notes

1 Ref. the respective AdBlue® tank as indicated by the information in the instrument cluster display.

2 The fuel consumption and CO₂ emissions stated are derived from official fuel consumption and CO₂ emissions figures, which were determined in accordance with legal requirements under standardized test conditions.

3 We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use diesel complying with DIN EN 590, which yields fuel consumption and CO₂ emissions (1,900 g/km) 1,000 m above sea level, and when every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit) and maximum permissible speed is 210 km/h. Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.

4 The engine’s power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit) and maximum permissible speed is 210 km/h. Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.

5 We recommend having the AdBlue tank refilled by your Audi partner.

6 Regulated.

7 The fuel consumption and CO₂ emissions figures given in ranges depend on the tyre/wheel sets used.

8 We recommend using sulphur-free regular unleaded RON 91 fuel complying with DIN EN 228; power output will be slightly reduced.

9 We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590.

10 The figures given were calculated using the specified measuring procedure. The figures do not refer to one single vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.

11 Figures for fuel consumption and CO₂ emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming.

12CO₂ is a registered trademark of the Verband der Automobilindustrie e. V. (VDA).

13 In conjunction with low rolling-resistance tyres, the maximum permissible speed is 210 km/h.

14 You will find specifications on the technical characteristics of tyres on this page.

15 Ref. the special information relating to wheels on this page.

16 Important note

Special information about the wheels: Wheels with gloss turned finish as well as polished or partly polished aluminium wheels must not be used to carry road salt. For manufacturing reasons, the rim surfaces have insufficient corrosion protection for such use and can be damaged permanently by road salt or similar substances.

17 It is not possible to order a specific tyre.

Ask your Audi partner about the range of tyres available in your country.

The fuel consumption and CO₂ emissions figures shown above allow a comparison between the various models. The results are calculated on the basis of regular driving, but are not representative of real-world driving conditions.

The values are accordingly not representative of real-world driving conditions. Various factors may result in fuel consumption and CO₂ emissions deviating to some extent from those shown above.

With regard to the fuel economy and CO₂ emission figures stated above, the values are not adjusted for local road conditions. The figures are calculated on the basis of regular driving, but are not representative of real-world driving conditions. Various factors may result in fuel consumption and CO₂ emissions deviating to some extent from those shown above.
