Fuel consumption and CO<sub>2</sub> data applies to the German Market. The specified values are determined in accordance with certain test procedures. The specifications do not refer to an individual vehicle but serve only as a basis for comparing the different types of vehicles. In addition, the consumption figures achieved during normal driving may differ from the test values, depending in particular on special equipment fitted, vehicle loading, personal driving style, road and traffic conditions, environmental factors and conditions of the car.

\* RRP is inclusive of VAT, CO<sub>2</sub> emissions tax and an optional 5 year/100,000km Audi Freeway Plan

Lighting:		40 TDI Advanced	40 TDI S line	SQ5
PXC	<b>Matrix LED headlamps and LED rear combination lamps and headlamp washer system</b> Provides precise, high-resolution illumination of the road. Dazzling for oncoming vehicles or vehicles in front can be considerably reduced as a result. If vehicles are detected by the camera system, the system selectively masks just the area of the detected vehicle while all other segments of the main beam remain active. The illumination of the vehicle's path is significantly better than that of LED headlights, improving comfort when driving in the dark. When activated, the dynamic indicator is impressive with its striking, dynamic and highly visible light progression.	R19,000	R19,000	R19,000

## Important information

### Welcome to Audi

#### **Audi Freeway Plan | Motoring Peace of Mind**

There can be no better motoring peace of mind than knowing that your car will be serviced, maintained and repaired, should this prove necessary, at no cost to you. Thanks to Audi Freeway Plan, that peace of mind could be yours.

The Audi Freeway Plan absorbs all maintenance and service costs, with the exception of between-service top-up fluids, fuel, cracked or broken glass, and tyres.

Recommended retail pricing is inclusive of an optional 5 year/100,000 km Audi Freeway Plan on all new Audi vehicles.

Top-up options to extend maintenance are available at extremely competitive rates. Audi has specially designed the Audi Freeway Plan for easy operation on the part of the owner. Making an appointment with any one of our approved Audi Servicing Dealers can effect regular servicing and maintenance as well as repairs (with the exception of accident damage).

All work is handled by the relevant service department, which will liaise directly with the Audi Freeway Plan Maintenance Unit. No extra effort or payment is required from the Audi owner. The Audi Freeway Plan is registered with the vehicle and as such is transferable to the new owner should the car be sold before the Audi Freeway Plan has expired, giving added resale value. The Audi Freeway Plan is available in addition to Audi's standard one-year/unlimited distance vehicle warranty. The Audi Freeway Plan is subject to certain exclusions, covers any repairs necessary after the expiry of the standard warranty.

#### **Audi Assist | Emergency and Personal Assistance**

Audi Assist is a programme whereby Audi of South Africa and its Dealer Network pledge to provide you with peace of mind motoring by providing the infrastructure to support a countrywide emergency service 24 hours a day, every day.

The programme is known as Audi Assist and operates within the borders of South Africa as well as Namibia and Botswana. The objective of the programme is to ensure on the spot roadside assistance offered by a fully equipped and trained Audi technician.

The primary focus is to get you mobile in your own vehicle. Where a roadside repair cannot be effected and the vehicle needs to be towed to the nearest Audi dealer, you and the occupants of the vehicle will be transported to a place of safety in the dealer's roadside assistance vehicle.
