## Engine and Pricing | RS Q8

Engine	Fuel type	Transmission	Power output (kW)	Torque (Nm)	Fuel consumption (l/100 km)			CO <sub>2</sub> emissions (g/km)	0 - 100 km/h (sec)	Top speed (km/h)	RRP*
					Urban	Extra urban	Combined				
RS Q8 TFSI quattro	Petrol	tiptronic	441	800	16.9	9.3	12.1	283	3.8	250	R 2,354,500

Fuel consumption and CO<sub>2</sub> data applies to the German Market. The specified values are determined in accordance with certain test procedures. The specifications do not refer to an individual vehicle but serve only as a basis for comparing the different types of vehicles. In addition, the consumption figures achieved during normal driving may differ from the test values, depending in particular on special equipment fitted, vehicle loading, personal driving style, road and traffic conditions, environmental factors and conditions of the car

\* RRP is inclusive of VAT and CO<sub>2</sub> emissions tax

## Optional extras | RS Q8

Infotainment and assistance systems:		RS Q8
7J3	<p><b>Audi virtual cockpit plus with additional RS runway layout</b> Provides an additional layout view to the standard Audi virtual cockpit</p>	R 3,500
8RF	<p><b>Bang &amp; Olufsen Advanced Sound System with 3D sound</b> Sound playback via 23 loudspeakers including 3D sound at the front and rear with a total output of 1,920 watts; Loudspeakers, centre speakers and subwoofers each with their own separate power amplifier and exclusive loudspeaker covers made of aluminum and high-quality neodymium magnets; Centre speaker as well as two automatically extending acoustic lenses on the instrument panel for extremely detailed acoustic presentation at every seat; dynamic driving noise compensation; 23-channel BeoCore amplifier; spatial sound reproduction through the 3D sound feature in the front and rear: This is generated by additional broadband loudspeakers in the A-pillar and in the rear roof liner, by the mid-range speakers and by the new Fraunhofer Symphoria technology.</p>	R 81,390
6K8	<p><b>Audi pre sense front</b> Audi pre sense front warns of collisions and reduces speed in an emergency. It uses the data from the front camera and calculates the likelihood of a rear-end collision; can warn of impending collisions within the system limits, depending on the situation and speed, and initiate appropriate braking. The system is active from approx. 5 km/h. Pedestrians and cyclists can be detected in a speed range of up to approx. 85 km/h and vehicles in a speed range of up to 250 km/h. If an impending front-end collision is detected, the system warns the driver optically, acoustically and haptically in a multi-stage concept. If necessary, braking assistance or full deceleration can be initiated in order to reduce the speed or avoid a collision under certain circumstances.</p>	R 6,150
9R1	<p><b>Night vision assistant</b> The night vision assistant improves difficult visibility in the dark through electronic visualization of the area around the road. The system supports the driver when driving at night by displaying a thermal image of the surroundings. Recognized people and larger wild animals are highlighted in yellow in the driver information system.</p>	R 35,920
4X9	<p><b>Audi pre sense rear package</b> The safety package includes a selection of functions that increase safety and comfort for rear seat passengers. Side airbags in the rear as a supplement to the front side airbags and the head airbag system offer additional protection. In the event of emergency braking and in extreme dynamic driving situations, preventive tightening of the seat belts is initiated in addition to the measures contained in Audi pre sense basic in order to reduce the shifting of the occupants in the rear.</p>	R 14,600

# RS Q8

## Optional extras | RS Q8

<u>Performance and brakes:</u>		RS Q8
PC8	<b>RS ceramic brakes with brake calipers in Blue</b> 21-inch high-performance brake system with carbon fibre reinforced ceramic brake discs at the front and rear, specially developed cooling channels in the internally ventilated and perforated brake discs; Brake callipers painted in gloss blue with "Audi ceramic" lettering on the front and rear.	R 202,000
6Y4	<b>Top speed increased to 280 km/h</b>	R 34,100

## Important information

### Welcome to Audi

#### **Audi Freeway Plan | Motoring Peace of Mind**

There can be no better motoring peace of mind than knowing that your car will be serviced, maintained and repaired, should this prove necessary, at no cost to you. Thanks to Audi Freeway Plan, that peace of mind could be yours.

The Audi Freeway Plan absorbs all maintenance and service costs, with the exception of between-service top-up fluids, fuel, cracked or broken glass, and tyres.

A five-year or 100 000 km Audi Freeway Plan is included as standard on all new Audi vehicles.

Top-up options to extend maintenance up to 10 years, or 300 000 km are available at extremely competitive rates. Audi has specially designed the Audi Freeway Plan for easy operation on the part of the owner. Making an appointment with any one of our approved Audi Servicing Dealers can effect regular servicing and maintenance as well as repairs (with the exception of accident damage).

All work is handled by the relevant service department, which will liaise directly with the Audi Freeway Plan Maintenance Unit. No extra effort or payment is required from the Audi owner. The Audi Freeway Plan is registered with the vehicle and as such is transferable to the new owner should the car be sold before the Audi Freeway Plan has expired, giving added resale value. The Audi Freeway Plan is available in addition to the Audi's standard one-year/unlimited distance vehicle warranty. The Audi Freeway Plan is subject to certain exclusions, covers any repairs necessary after the expiry of the standard warranty.

#### **Audi Assist | Emergency and Personal Assistance**

Audi Assist is a programme whereby Audi of South Africa and its Dealer Network pledge to provide you with peace of mind motoring by providing the infrastructure to support a countrywide emergency service 24 hours a day, every day.

The programme is known as Audi Assist and operates within the borders of South Africa as well as Namibia and Botswana. The objective of the programme is to ensure on the spot roadside assistance offered by a fully equipped and trained Audi technician.

The primary focus is to get you mobile in your own vehicle. Where a roadside repair cannot be effected and the vehicle needs to be towed to the nearest Audi dealer, you and the occupants of the vehicle will be transported to a place of safety in the dealer's roadside assistance vehicle.

Contact details within South Africa:  
086 043 4838

Contact details for neighbouring states:  
+27 41 994 5616

24 hours a day, 7 days a week  
Vehicle model and VIN number will be required.
