The Audi TTS

A design icon and a genuine sport car. The Audi TT has been writing its own success story since 1998 and over three product generations. Over two decades after its debut, the Audi TTS Coupé still inspires with its typical design language, its great driving pleasure and its comprehensive provision of standard equipment.
Standard Equipment | TTS

Fuel consumption and CO₂ data applies to the German Market. The specified values are determined in accordance with certain test procedures. The specifications do not refer to an individual vehicle but serve only as a basis for comparing the different types of vehicles. In addition, the consumption figures achieved during normal driving may differ from the test values, depending in particular on special equipment fitted, vehicle loading, personal driving style, road and traffic conditions, environmental factors and conditions of the car.

* RRP is inclusive of VAT and CO₂ emissions tax

</thead>
</table>
| 8G1  | High beam assist  
Detects the headlights of oncoming traffic, the rear lights of other road users and light sources in built up areas. Depending on the traffic situation, the high beam automatically adjusts to dipped beam and vice versa. The system improves the driver's visibility and brings added comfort and convenience. | R 2,630 |
| PXC  | Matrix LED Headlamps, LED rear combination lamps and headlamp washer system  
Audi Matrix LED technology provides precise illumination of the road whilst reducing the risk of dazzling other road users. Matrix LED’s calculates the appropriate lighting required and automatically dips or turns off individual lighting diodes, creating a corridor of lights either side of the vehicle or object in front of it. Includes dynamic front and rear indicators which sweep from inside to out. | R 14,950 |

| An image of the area behind the vehicle is shown on the MMI display. Reversing camera is concealed in the handle strip of the luggage compartment lid. | S      |
Important information
Welcome to Audi

Audi Freeway Plan | Motoring Peace of Mind
There can be no better motoring peace of mind than knowing that your car will be
serviced, maintained and repaired, should this prove necessary, at no cost to you.
Thanks to Audi Freeway Plan, that peace of mind could be yours.
The Audi Freeway Plan absorbs all maintenance and service costs, with the
exception of between-service top-up fluids, fuel, cracked or broken glass, and
tyres.

A five-year or 100 000 km Audi Freeway Plan is included as standard on all new
Audi vehicles.

Top-up options to extend maintenance up to 10 years, or 300 000 km are available
at extremely competitive rates. Audi has specially designed the Audi Freeway Plan
for easy operation on the part of the owner. Making an appointment with any one
of our approved Audi Servicing Dealers can effect regular servicing and
maintenance as well as repairs (with the exception of accident damage).

All work is handled by the relevant service department, which will liaise directly
with the Audi Freeway Plan Maintenance Unit. No extra effort or payment is
required from the Audi owner. The Audi Freeway Plan is registered with the vehicle
and as such is transferable to the new owner should the car be sold before the Audi
Freeway Plan has expired, giving added resale value. The Audi Freeway Plan is
available in addition to the Audi’s standard one-year/unlimited distance vehicle
warranty. The Audi Freeway Plan is subject to certain exclusions, covers any repairs
necessary after the expiry of the standard warranty.

Audi Assist | Emergency and Personal Assistance
Audi Assist is a programme whereby Audi of South Africa and its Dealer Network
pledge to provide you with peace of mind motoring by providing the infrastructure
to support a countrywide emergency service 24 hours a day, every day.
The programme is known as Audi Assist and operates within the borders of South
Africa as well as Namibia and Botswana. The objective of the programme is to
ensure on the spot roadside assistance offered by a fully equipped and trained
Audi technician.

The primary focus is to get you mobile in your own vehicle. Where a roadside
repair cannot be effected and the vehicle needs to be towed to the nearest Audi
dealer, you and the occupants of the vehicle will be transported to a place of
safety in the dealer’s roadside assistance vehicle.
Contact details within South Africa:
086 043 4838

Contact details for neighbouring states:
+27 41 994 5616

24 hours a day, 7 days a week
Vehicle model and VIN number will be required.
